2026

www.byexcellencestallions.com

An unprecedented and exceptional 2025 season for Quel Homme de Hus.

The stallion Quel Homme de Hus began breeding sport horses relatively late in his career.

Now, breeders have been able to appreciate the quality of his offspring, which are beginning to make a name for themselves both for their quality and their excellent temperament.

His progeny stand out for their excellent canter, balance, modern physique and very strong points.

This season, we will once again have the pleasure of seeing future top performers born all over the world.

During 2025, we were able to enjoy the emergence of the oldest offspring, who distinguished themselves at only 8 years old on the international level with numerous performances in Grand Prix and Ranking List competitions.

The youngest generations continue their brilliant development in young horse competitions, and many other sons and daughters of Quel Homme de Hus are performing well in breeding competitions in Europe and beyond. The number of approved stallions descended from Quel Homme de Hus is increasing, reflecting the clear interest in his genetics and those of his sire, Quidam de Revel.

We have also appreciated your enthusiasm for the young genetics derived from Quel Homme de Hus. Okavango Sitte and Quel Prince d'Eden, in whom we place great hope for high-level sport, had a very successful breeding season.

We look forward to seeing what 2026 holds for us alongside you.

The entire By Excellence Stallions team wishes you a successful breeding season and hopes it fulfills your greatest dreams.

« *Quel Prince d'Eden is a powerful, tonic horse with incredible confidence. He is a very easy stallion on a daily basis and under saddle. Just like his father, he has a canter of exceptional quality and balance with a strong hock drive.* »

QUEL PRINCE D'EDEN offers high-quality European genetics combining the modern blood of QUELHOMME DE HUS and that of the exceptional breed leader, DARCO, who left his mark on sport horse breeding.

His sire, QUEL HOMME DE HUS, son of QUIDAM DE REVEL, is considered one of the best show jumping horses in the world. Vice-world champion, European champion, bronze medallist at the Tokyo Olympics, multiple winner in Grand Prix and Nations Cups.

His dam, EMMA VP, is a very good international winner in 1m50 Grand Prix. She is also the dam of the powerful ILEX VP, a great performer and winner in 5* Grand Prix under the saddle of Nicolas Delmotte.

His second dam, QUICK DANCER, is a daughter of the Holsteiner stallion LATANO I who has many winning products at the highest international CSI5* level.

QUICK DANCER has a very regular production and 90% of her products are stallions or winners in international events. In addition to EMMA VP, she is also the mother of BATTLECRY, the exceptional son of VIGO D'ARSOUILLES of the Canadian rider Tiffany Foster, winner of the Wellington 1m60 Grand Prix.

Having entered the stud in 2024, QUEL PRINCE D'EDEN has demonstrated all his many qualities: energy, strength, locomotion and respect during the approval. Just like his father, he stands out for his excellent mentality.

Aged 5 this year, he stands out under saddle for his balance, simplicity, and the very powerful canter inherited from his sire. He already behaves like an experienced horse.

His young offspring demonstrate an excellent temperament, a lovely model, and beautiful movement.

« Okavango Sitte is a stallion with an incredible temperament. It is rare to ride a horse that combines so many qualities. He reminds me the talent of a certain Vertigo du Désert (Luciana Diniz) at the same age but with the seriousness of his father Quel Homme de Hus. The feeling of jumping is completely out of the ordinary. »

His father, QUEL HOMME DE HUS, son of QUIDAM DE REVEL, is considered one of the best showjumping horses in the world. Vice-world champion, European champion, bronze medalist at the Tokyo Olympics, multiple winner in grand prix and Nations Cups.

His mother, L'ALBERTINE SITTE, daughter of GRECO SITTE, was very successful in the classic cycle in Belgium from 4 to 6 years old before being exported to the USA in 2023. She currently competes in 1m45 classes.

His second mother, QURISTEL DU HOUSSOIT, has produced a dynasty of international winners including the approved stallion FIDELGO DU HOUSSOIT (BUTTON SITTE). OKAVANGO SITTE is a very modern stallion in his model. His jumping technique is impeccable and his energy as well as his remarkable balance make him the young stallion of choice this season. He is also endowed with an excellent character. His biomechanics demonstrate great flexibility and a lot of lightness at the 3 paces. He inherited the very bouncy canter of his father, QUEL HOMME DE HUS, as well as his back passage.

OKAVANGO SITTE confirmed all the good things we thought about him by putting in magnificent performances during his appearances in 4-year-old classes in Belgium. After another successful breeding season at 5, he returned to competition at the end of 2025 with excellent results during the Tour du Soleil in Oliva Nova, Spain. His first offspring were born in 2024.

« Quel Homme is an exceptional horse and incredibly sure of himself. He is super powerful and jumps without ever forcing, which makes him a very rare horse. It is a dream to be able to ride a horse of such quality. I would like people to talk about him like Jappeloup or Milton, like a legend of our sport. »
